

# TABLE SAW

## Table saw CTS-57 G

The CTS-57 G is a table saw for cutting fast and precisely bricks, clinkers, natural stone and similar materials. The combination of stability and technical details make the machine ideal for the daily use.

- fixable swivel cutting head, adjustable for mitre cuts from 0° to 45°
- roller table with measuring scale and adjustable lateral stop
- supply with cooling water by electrical water pump
- simple cleaning by combination of water container with overflow plug and bucket
- easy transport and loading by removable plug-in feet, transport rollers, carrying handles and crane eyes

with extra large running wheels Ø 125 mm

Electrical water pump with plug-in connector IP 68 for an easy exchange of the water pump

technical data		CTS-57 G

drive motor	kW/V/Hz	2,2/230/50	
contents water container/ bucket	Liter	35/ 20	
dimensions L/ W/ H (transport/use)	mm	1140/ 620/ (730/1380)	
weight	kg	74	

### Loading and transport

For transport unlatch the feet and swivel them up below the water container. For simple loading in a vehicle, place the wheels into the provided receptacles at the cross bar. Thus the saw can be placed onto the loading platform and pushed without difficulty.
